Preface to the Senior Class of 1966

The art of capturing school life is the main purpose of this 1966 *Pynecone*. We have endeavored to paint for you a picture of school life. Now you alone hold the artist's brush as a painter of Life. With all the excitement of a new beginning and a new creation you dream the pursual of a tentative theme. Your thoughts are not yours alone but are represented in the selection of colors for the canvas of your life. The depths and the brilliance of the hues reveal the emotions of your life, and strokes of purposeful acts add character to your creation.

You vision yourself in the dream creation as a builder sensitive to the world, and as a contributor aware of the needed giving of oneself. You try to encompass the heart, mind, and soul into an earnest desire for living with understanding, endurance, patience, and with love. You strive for achievement and "the art of achievement is the art of making life—your life—a masterpiece."

Fair Raymond

"As the tempo of living continues to accelerate in this Space Age, educators are constantly challenged to provide a program for youngsters which will best prepare them for taking their places in our increasingly complex society. To these teachers, then, upon whom rests this great responsibility we dedicate this new building to one of their number whose many, many years of selfless devotion to her first grade beginners is so characteristic of the finest in the traditions of the teaching profession—Mrs. Ruth T. Houghton."

We, the Senior Class of 1966, in deepest appreciation and gratitude for his perseverance and understanding, dedicate our yearbook to

Mr. Richard F. Thompson

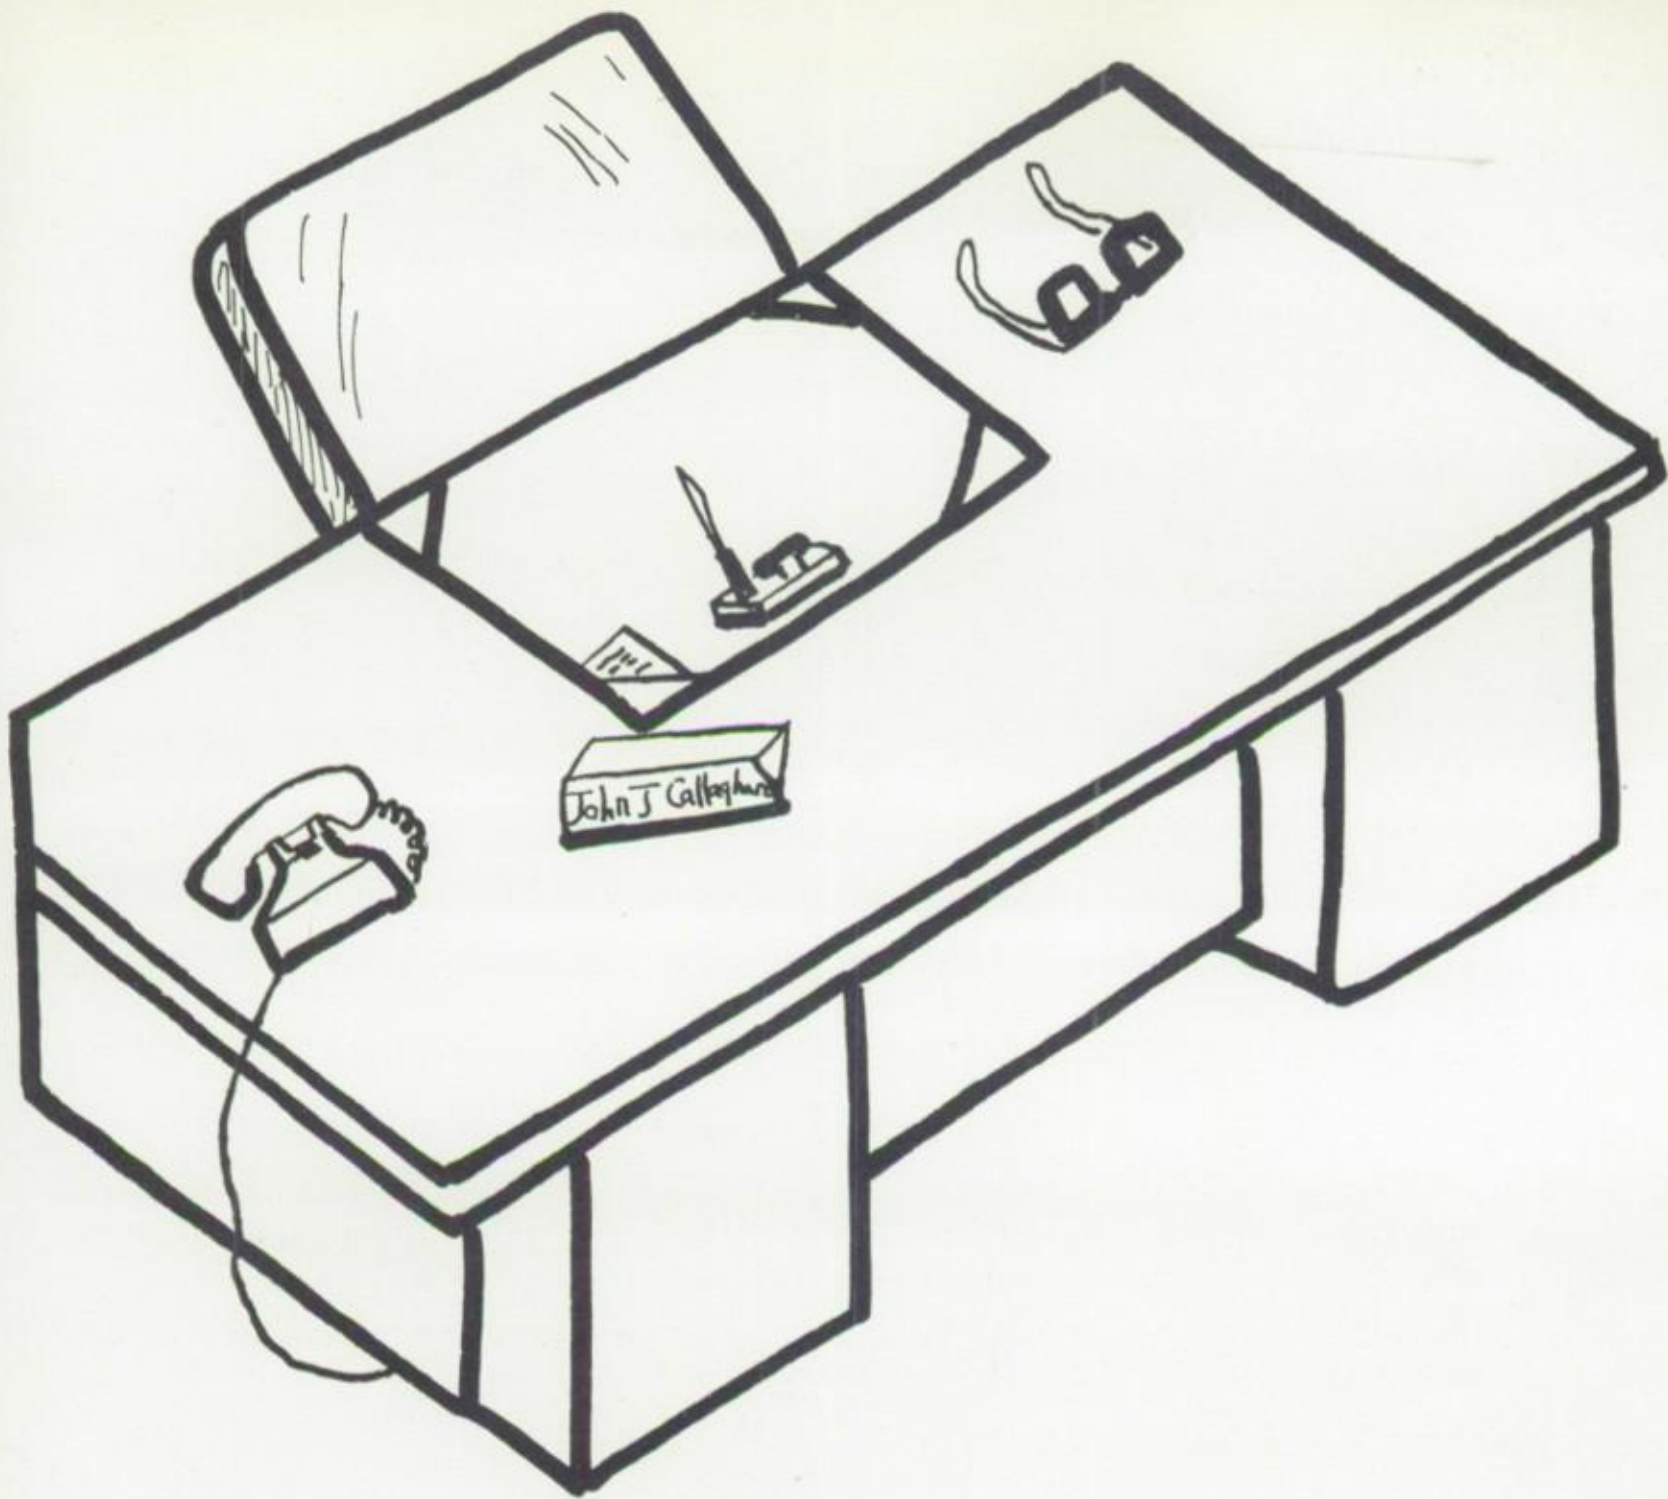

Dedication and devotion do not adequately describe Mr. Thompson's self-sacrifice and personal interest in our school and its students.

Mr. Thompson is more than a teacher, he is a friend who understands the problems of others, and willingly takes them into consideration—although he has his own.

He is held in high esteem by everyone and is particularly admired for being himself. His unique personality has an influence on all students, regardless of their goal; he loves and is loved by all.

Administration

Raymond High School, although existing less than half a century, is today a combination of many once-dreamed of expectations. Besides expanding physically, our school has grown in many other directions: adding extracurricular activities, advancing courses, and developing new, modern concepts of learning with the aid of our capable administration and the co-operation of all those involved, our school has something to offer to all. With the unforeseeable future beckoning us and a challenge to be met around every corner, the fulfillment of our high school days will profit us greatly.

Superintendent's Message

Much time, effort, and money is being poured into the field of education, from pre-kindergarten to college graduate schools. One result is the tremendous ferment taking place throughout the country, resulting in many novel ideas, experiments, practices, not to mention expensive pieces of equipment of all kinds; immense school plants, and school sites.

In all of this the individual is not overlooked from the planning level. We do wonder sometimes if the individual himself is aware that he is the focal point of all of these things. Only when he gives his best, and then tries to give a bit more, does everything fall in its place and real progress become a fact. We believe the Raymond student-body is composed of such individuals, and that future achievements will prove our faith in you to be well justified. We wish you continued success.

C. Maurice Gray
Superintendent

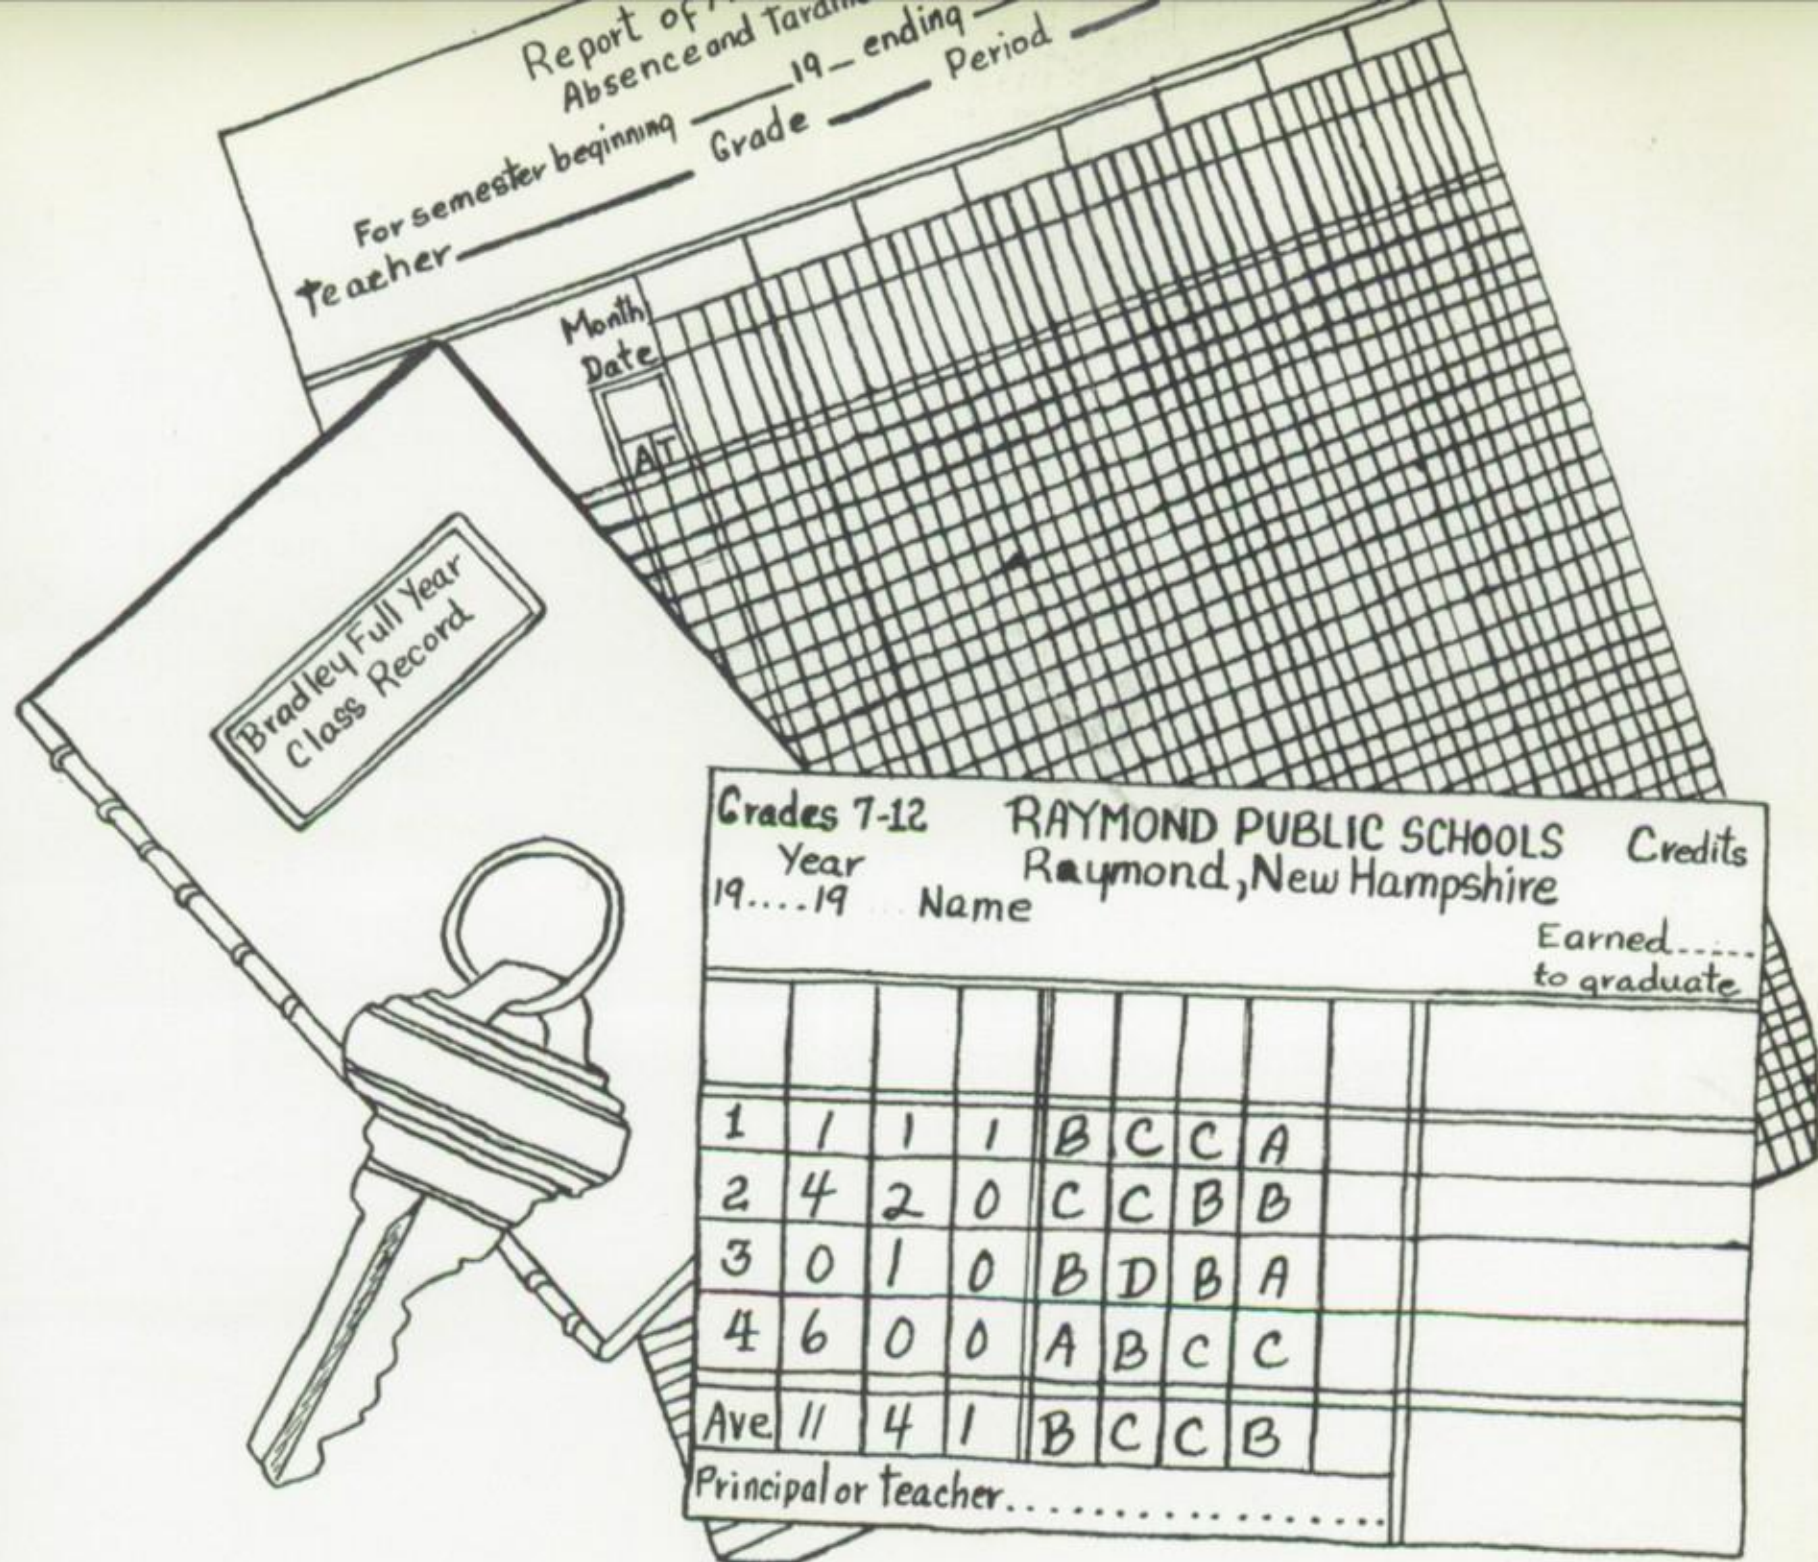

Principal's Message

Some of life's greatest opportunities often come veiled as life's greatest problems. Only courage and the will to act in an enlightened manner can help us make the most of them.

My counsel to you is to remain intellectually alert, aesthetically sensitive, deeply concerned individuals; and in so doing, I am sure that you will just happen to make the most of your opportunities; while at the same time, you will provide the kind of leadership so vital to the citizenry of a democracy.

Sincerely,
John J. Callaghan
Principal

Education is like the building of a house. In 'elementary school the foundation is laid. With each successive year of high school, a little more of that house is boarded in. Graduation from college adds the finishing touch. Then that house becomes a home with love and the fulfillment of one's life.

By the year 1962, the choir became an important representative for Raymond by performing at many schools, by request, and at meetings of various organizations. The most significant concert for the choir in 1962, was the performance for the Teachers' Convention. This was the first time in the history of the convention that an organization from a small school had performed.

Athletics

Although we may be shunned by the primitive physical enjoyments of the Greeks in the glorious amphitheatre, the purposes for their being are similar to the many goals of today's physical activities. Physical well being, teamwork, and lasting friendships are all important aspects of the word sports. Advancement from the Greek is, however, visible in an attitude hopefully attained by all participants of sports. This attitude—win or lose—we have gained an enjoyment from our participation.

In the 1965 season the "Little Green" upheld its record as the winningest soccer team in New Hampshire. After winning the Southeastern League Championship by virtue of an 11-0 record, they went on to repeat their 1963 performance by capturing the State Crown. Thus the Rams became the first team in the state to win the championship twice. Congratulations boys, on a job well done!!!

This year's varsity basketball squad was one of the strongest ever at R. H. S. By racking up 20 wins against 0 losses, the Rams entered both the Southeastern League and the State Tourneys ceded number one. Throughout the season the team showed tremendous ability and the will to win. The team was indeed a credit to its member, its school, and its coach, Mr. Baker.

Pregame ceremonies.

Give it to me.

How about a game of giant steps?

The pause that refreshes.

Arthur Murray taught me dancing in a hurry!

And away we go!

Rebound goes to John Fernald.

Reise grabs another.

Junior Varsity Basketball

THIRD ROW: W. Brown, R. Cenatiempo, W. Prince, R. Stevens, W. Bailey. SECOND ROW: Mr. Coleman, coach, K. Clock, B. Aston, J. Schou, T. Brusso, D. Leonard, L. Cottrell. FIRST ROW: J. Byron, M. Foley, C. Mataragas, W. Arnault, H. Titus, J. Strasburger.

The junior varsity basketball team finished its season with a 7-7 record. The youthful team was composed of eager, scrappy players who show much potential for future varsity teams.

Baseball

SECOND ROW: W. Bailey, G. Cammett, L. Castonguay, J. Ludden, R. Thistle, K. Clock, R. Hrycuna, R. Cole, G. Proulx. FIRST ROW: J. Downing, N. Cenatiempo, D. Tilton, D. Campbell, D. Audette.

The 1966 baseball team shows great promise for a successful season. Comprised of many veteran players, it is highly conceivable that the team will exceed last year's fine record.

Volleyball

SECOND ROW: N. Robinson, L. Downing, J. Bishop, A. Paquette, L. Hurd, J. Strasburger, B. Tilton, manager, R. Hall, B. Stetson, C. Carver, W. Abbott, P. Cottrell, Mrs. Saitz, coach. FIRST ROW: D. Doherty, N. Bohle, P. Tilton, K. Callaghan, R. Welch, D. Cole, J. Dickinson, S. Colligan.

The girls athletic program opened the school year with an up and at 'em volleyball team that rolled through its season with consistent wins over its opponents. With many underclassmen participating in this sport, the odds are in favor of R. H. S. producing many more fine and favorable records at the net.

Softball

SECOND ROW: B. Smith, manager, P. Dember, K. Bailey, M. Plante, K. Vesowate, J. Strasburger, D. Cole, S. Falk, L. Hurd, P. Cottrell, C. Guyette, K. Pettengill, S. Colligan, G. Wallace, Mr. Baker, coach. FIRST ROW: L. Davis, B. Stetlon, D. Beane, N. Bohle, K. Callaghan, R. Welch, A. Paquette, D. Clement, J. Dickinson.

As Spring comes the girls prepare for softball with hopes of another successful season. The softball team has always exhibited a ready, willing and able attitude on the diamond.

Girls' Basketball

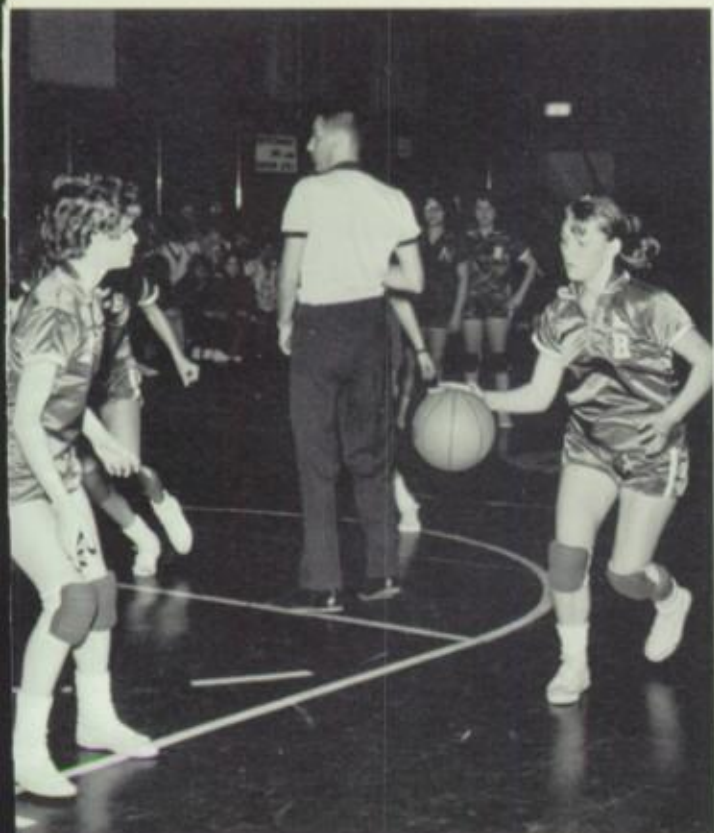

THIRD ROW: J. Dickinson, P. Cottrell, B. Stetson, P. Tilton, A. Paquette. SECOND ROW: Mr. Callaghan, coach, K. Pettengill, K. Bailey, G. Wallace, C. Guyette, B. Tilton, manager. FIRST ROW: D. Beane, R. Welch, D. Cole, J. Waterhouse, P. Dember, K. Callaghan.

For the past three years the girls' basketball team has acquired an outstanding record. This year was no exception, with a record of sixteen wins and no losses. This was the first team at Raymond in a decade and a half with a perfect season. The year 1965-1966 ends four years of basketball with a scoreboard of 59 wins and 5 losses and the hopes of many successful years ahead.

I'll pretend I didn't see that!

Aw, come on Ella.

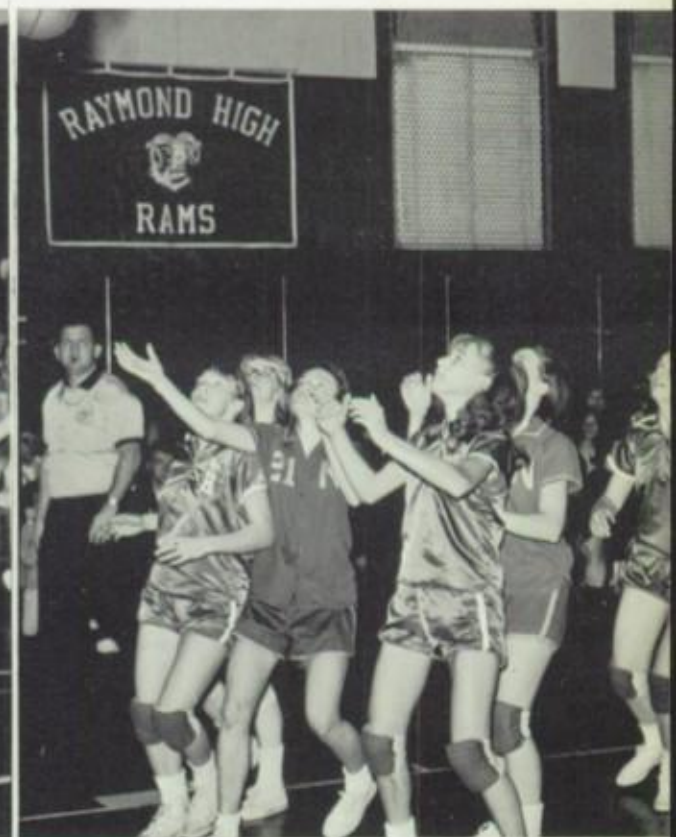

I got it, I . . .

You didn't need that dribble!

SECOND ROW: S. Cronin J. Strasburger, N. Bohle, W. Abbott, A. Thompson, L. Downing, K. Keddy. FIRST ROW: D. Doherty, N. Robinson, co-captains.

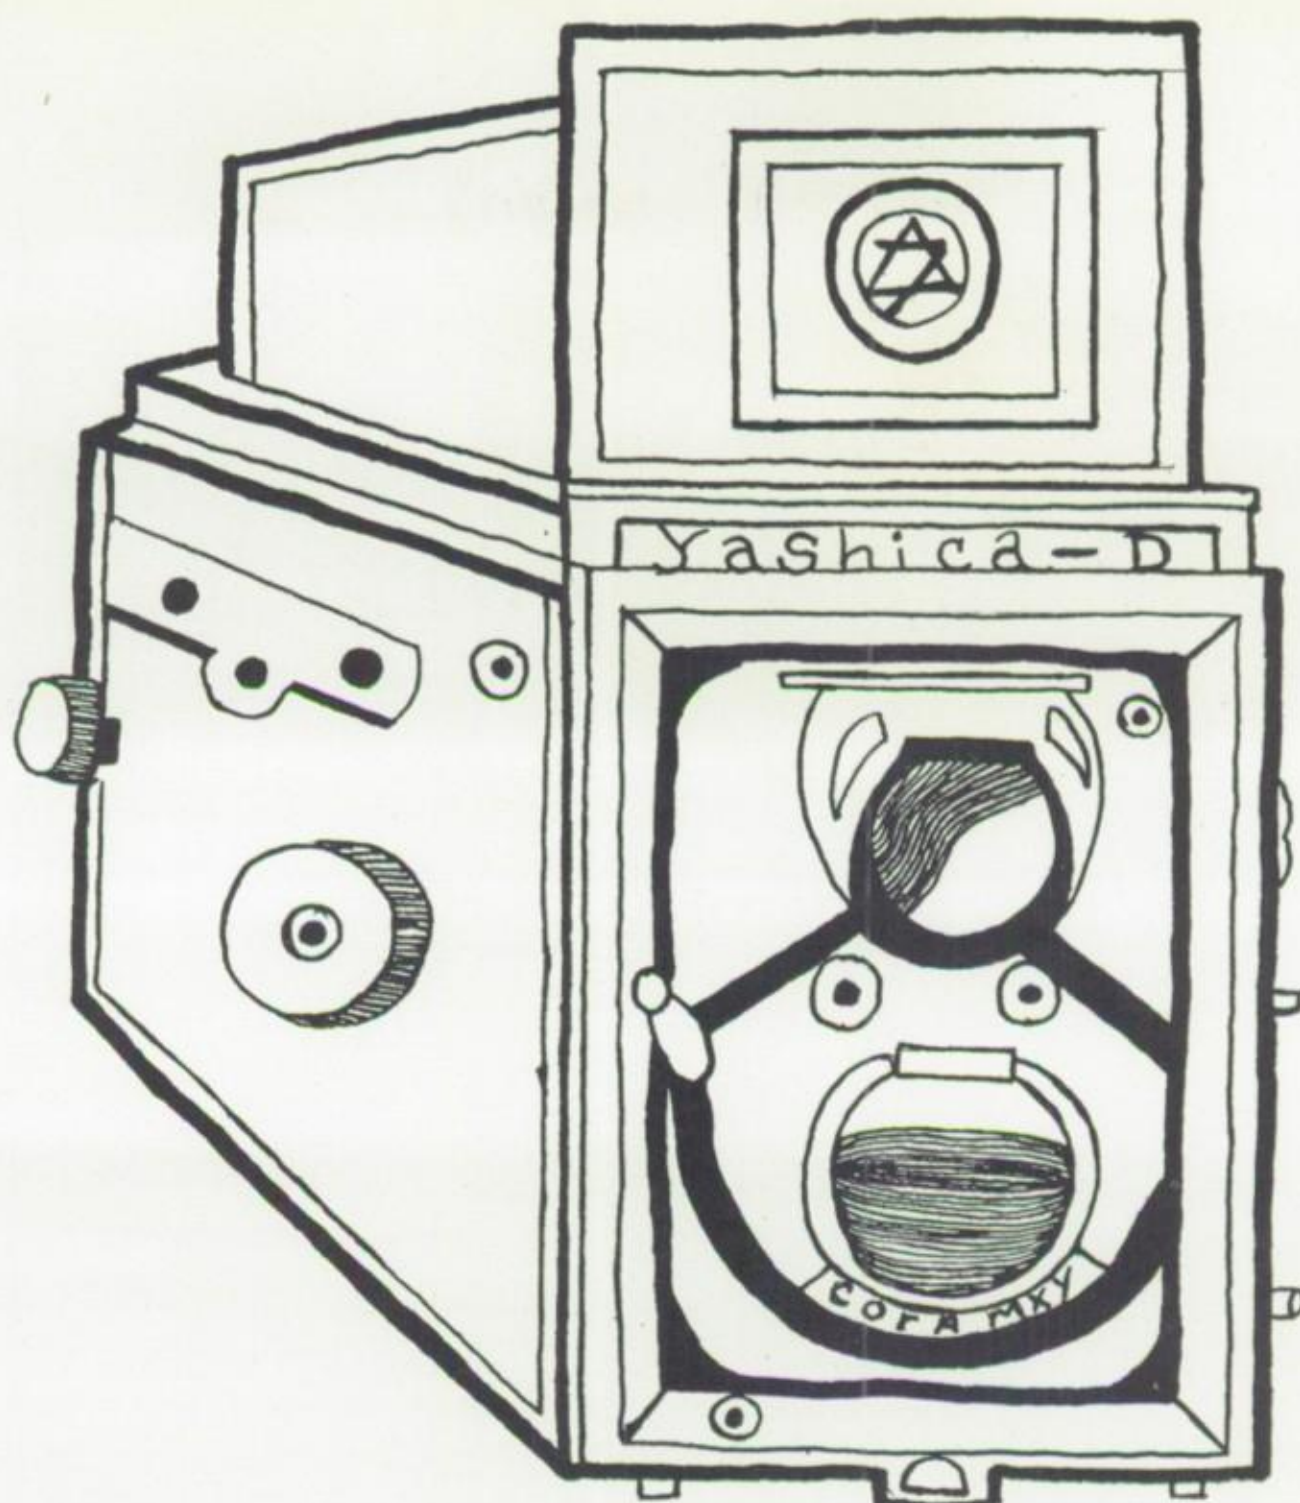

Good sportsmanship, fair play, and active participation have been the foundation of our school functions. Backing our teams and leading the student body in school spirit have been our nine chic girls in green. The fine efforts of our cheerleading squad are much appreciated by one and all.
